Reasons for Allowance

Claims 6 – 14 are allowable over the prior art for the reasons set forth in the last Office action (7/18/2003) with respect to claims 6 – 9, now presented in independent form.

The prior art made of record and not relied upon is considered pertinent to Applicants' disclosure.

Ichihashi (U.S. Patent number 6,686,980) suggest a rubbed layer of norborene resin as a suitable alignment layer for deposition of dichroic dyes to be used as polarizers. In the examples, polyimide resin is used as the alignment layer for rod-like azo-based dyes. Thus, there is no suggestion to employ dyes having a *tabular* molecular shape, and there is no suggestion that dyes of this type, *when combined with a norborene resin*, would or should have there molecules oriented roughly perpendicular to the rubbing direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Post-allowance papers should be mailed to **Box Issue Fee**. Post-allowance papers may also be faxed to correspondence branch in PUBs. The fax number is (703) 308-5083. The **PUBs customer service** number is (703) 305-8497.
